

**CLOSE HOUSE COURTYARD DEVELOPMENT, NEWCASTLE UPON TYNE**  
**HARGREAVES DRAINAGE LIMITED**

This was a development project of the courtyard of the eighteenth century listed mansion which is now the luxury Close House Hotel and Golf Club near Newcastle upon Tyne.

Hargreaves Drainage supplied traditional Express push fit soil pipes and fittings and Premier Extra standard round rainwater pipes and fittings.

Products from both the rainwater and soil systems were pre-painted in a pale sand colour to complement the natural stone of the building.

Hargreaves

RAINWATER • SOIL • DRAINAGE
