

Lindab Ltd - The Next Chapter ...

It is with mixed feelings that we announce that Mike Goodspeed has decided to resign from his role as Director of Lindab Ltd.

Mike's involvement in the day to day running of the UK business will come to an end on the 31st March. He will continue working for Lindab in a consultancy role until September 2017. Fellow Joint Managing Director Iain Robertson will take up the mantle and become sole Managing Director.

It is difficult to sum up Mike's achievements over 26 years of dedication. He has been an integral part of the business for many years, joining as a Business Development Manager for the Midlands in the early nineties. Mike has seen the business grow from a turnover of less than £3,000,000 operating out of 4 locations to what we have today, 25 locations and a turnover in excess of £55,000,000. He has helped see us through a number of recessions and was instrumental in the recent re-structuring of our Rainline and production operations.

Mike would like to extend his thanks to customers, suppliers and colleagues for their support over the years and hopes to see Lindab Ltd continue to flourish in his absence.

On behalf of the organisation, Iain would like to wish Mike and his wife Maureen all the very best for the future and looks forward to hearing that Mike's golf handicap has improved!
