

RAINWATER GOODS ON GEORGIAN ESTATE

GUTTERCREST LIMITED

A charming Georgian estate which is being restored with a variety of rainwater goods manufactured and supplied by Guttercrest Limited. The materials used on this project included aluminium moulded ogee guttering, Victorian ogee guttering on rafter brackets, traditional round cast downpipes and RWH201 hopper heads which can be seen in the following photographs.

Aluminium Moulded Ogee Guttering

Inspired by 19th century cast iron gutters

Gutter Shaped End

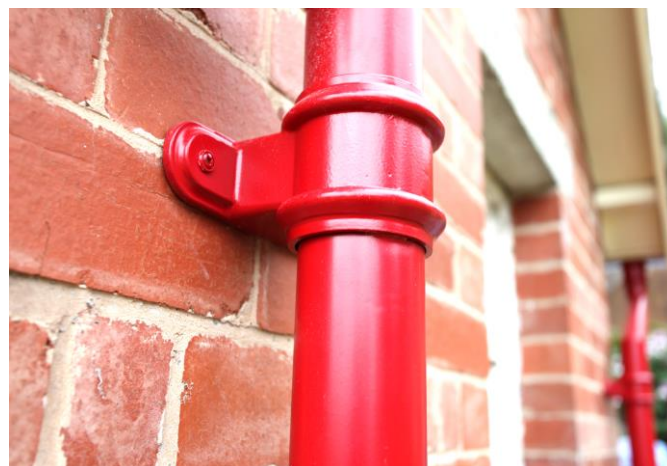

Running Outlet

Special Internal Gutter Angle Enhancing Catchment At Valley

Aluminium traditional round cast downpipes, inspired by 19th century cast iron downpipes

Aluminium Victorian ogee guttering, inspired by 19th century cast iron gutters

Special upside down side rafter brackets were used on the gutters below:

Aluminium is completely recyclable

Aluminium is the responsible environmental choice
