

TRUMP TURNBERRY AILSA GOLF COURSE
GUTTERCREST LIMITED

Trump Turnberry Ailsa golf course near Ayr, Scotland – which has played host to the Open Championship four times has had a massive £200 million renovation. The Trump Turnberry hotel offers 192 guest rooms, including four suites, a collection of cottage suites and the iconic two-bedroom suite at Turnberry Lighthouse.

Guttercrest is proud to have been chosen to supply all of the rainwater goods to the Turnberry redevelopment of the hotel, clubhouse, driving range and holiday lodges. The products supplied included Beaded Deep Flow Half Round Gutters, Traditional Rainwater Pipes and complementing Hopper Heads.

All were polyester powder coated in RAL 9010 - Pure white with an applied marine coating for longevity in the harsh costal area.

These products were manufactured in Guttercrest's Shropshire headquarters, with 200,000 square feet of space dedicated to manufacturing high quality aluminium products.
